Who Killed Jesus? (Disc 1)

Who killed Jesus? Tackles the trial of Jesus Christ and his horrific death by crucifixion, and examines what really happened in the style of a murder investigation. It looks at the actions, the motives and the evidence against the three major suspects in the killing of Jesus: Caiaphas, High Priest of the Temple at Jerusalem; Pontius Pilate, Roman Governor of Judea; and, surprisingly, Jesus himself, who was deeply implicated in the events that led to his own death. Get an unexpected final verdict on who killed Jesus of Nazareth.

The Real Mary Magdalene

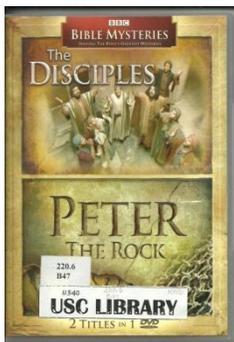

Who was the real Mary Magdalene? We remember her as a prostitute, forgiven by Jesus. We're told that she washed his feet with her tears and dried them with her hair. For centuries she's been known as the repentant sinner.

There is evidence that the true face of Mary has been disfigured over time. Long-lost texts from the early Christian era offer an entirely different picture of Mary Magdalene; they show her as a leader in the early Church, and, according to some experts, possibly even the founder of Christianity itself.

The Disciples (Disc 2)

They grumbled about the way Jesus handled situations. They wanted to destroy villages that refused to accept them. They argued amongst themselves about which one was the greatest. Not the traditional image of the disciples but this was the reality of life on the road in the Jesus movement. The Disciples reveals the real men behind the famous names. We examine their backgrounds, the reason why they might have joined up and what stopped them getting on together as a group. We use the latest medical and scientific evidence to explain how the disciples could become 1st century healers and why it was so important to their success.

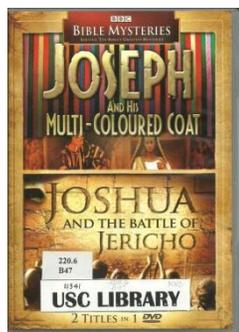

Peter the Rock

An archaeological investigation into the story of Peter, the disciple Jesus named “the Rock” on which He would build his Church. Contrary to the Bible, tradition says that Peter went to Rome to spread Christianity where he was martyred. Now with archaeological and scientific evidence we discover who Peter was, how he became the leader of the Early Church and whether his body really was buried on the Vatican Hill.

Joseph and his Multi coloured Coat (Disc 3)

The story of Joseph and his multicolored coat is one of the oldest and greatest in the bible: A young man from Canaan, sold into slavery by his brothers, rises to be Prime Minister of Egypt saving his Pharaoh and his people from devastation famine. But what evidence is there that someone like Joseph existed? Bible Mysteries finds out.

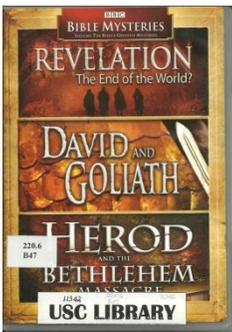

Joshua and the battle of Jericho

Joshua & the Wall of Jericho investigates that facts behind the famous Bible story of Joshua and the Battle of Jericho (in which “the walls came tumbling down” at the sound of trumpets), and reaches the conclusion that this incredible story is rooted in actual historical events. Historians and Bible scholars explain how the Battle of Jericho is not an isolated myth; it is “ the birth story” of Ancient Israel, the end of the Exodus from Egypt and the moment early Israelites established their presence in their Promised Land (in the region now known as Israel and The West Bank.)

Revelation the end of the world? (Disc 4)

The visions contained within the Book of Revelation of Armageddon, the Beast and the Four Horsemen of the Apocalypse have captivated and terrified Christians for 2000 years. Many believe that Revelation hold such a secret? Find out how archaeology and science show that Revelation was written not for a 21st century audience, but by a church leader called John for his 1st century Christian Church, and that it was written as a warning by him against involvement in the Roman Empire and in particular the worship of its emperors.

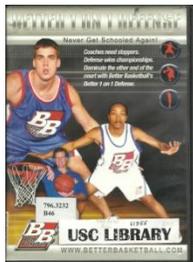

David and Goliath

He was the shepherd boy who became a King: David, the celebrated founder of modern Israel. At least thatos the David of tradition. But now historians and archaeologists are stripping away centuries of mythmaking about this Biblical hero. The man they reveal is so different that it begs the question; who was the real David?

Herod and the Bethlehem massacre

King Herod is remembered as the evil King who brutally massacred the children of Bethlehem, the villain of the Christmas story. He was trying to kill the newborn Jesus and his name has been reviled ever since. But is the story true? Did Herod really carry out this tremendous slaughter? The evidence against him is very thin. The whole story of the killings is told in just one verse in the Bible. That’s all. It does not appear in any other historical record.
