USC EZproxy Portal
https://ezproxy.usc.edu.ph/login

Learning is a continuous process, it is a cycle. Similarly, your library system with your competent librarians continuously explore ways to make access to information fast, easy and of course reliable. We believe that with this new interface searching and accessing for information would be ease and fun thus fulfilling.

Authentication is an important issue for libraries and information seekers; certain library resources require authorized access, while remote information seekers want access without obstacles. EZproxy is the industry-leading robust middleware solution for remote user authentication. EZproxy access and authentication software helps the users simplify their research process by reducing the number of usernames and passwords they need to keep track of. They will have secure remote access to e-content they may find in the library. With a single sign-on using existing library-issued credentials, accessing library material has never been easier. EZproxy utilizes the library's existing authentication method, ensuring your library's current security and authorization standards are maintained.

National Academy of Science and Technology https://www.nast.dost.gov.ph/	The National Academy of Science and Technology, Philippines is the symbol of the nation's commitment to science. The proposal for its creation originated from the University of the Philippines. Among the notable members of this small group were Dr. Joventino D. Soriano, a cytogeneticist; Dr. Gregorio T. Velasquez, a phycologist; his wife, Dr. Carmen C. Velasquez, a parasitologist; Dr. Edgardo D. Gomez, a marine biologist; Dr. Edito G. Garcia, a public health specialist. After a series of impromptu meetings held at the UP	Free/Open Access	● Science and Technology

	Institute of Small-Scale Industries, the task of preparing a formal proposal for a science academy was assigned to Dr. Soriano. In May, 1976, the proposal was submitted to Dr. Melecio S. Magno, who had been appointed Chairman of the NSDB with Cabinet rank. Chairman Magno fully endorsed the plan for a government-funded academy of science. It was heartily endorsed by the National Science Development Board (the predecessor agency of the Department of Science and Technology) to the President of the Philippines, On 06 October 1976, The National Academy of Science was created by Presidential Decree 1003. A subsequesnt amendment established instead the National Academy of Science and Technology, Philippines and expanded the base of its membership. Thus, P.D. 1003-A signed on 17 December 1976, is the enabling legislation for the present NAST.		
National Commission of Culture and The Arts (NCCA) https://ncca.gov.ph/	NCCA's homepage is the country's best site for information on Philippine culture and the arts. Search links for biography of national artists, publications about Philippine culture, art photos and contest announcements, both local and international, including employment opportunities are available. The Commission's web page provides schedule of activities – from the most celebrated cultural, historical events to the most recently talked about performances, free or fee-based, and awarding ceremonies. The site also highlights varied online resources for the seven (7) arts leading to not only a discovery but of the enrichment of the Filipino soul.	Free/Open Access	● Philippine Culture and Arts
